## UNEXPECTED DECISION GIVES BOOST TO MARKET

Opinion of Supreme Court, Confirming Title of Southern Pacific to Oil Lands, Ends Day's Dullness.

STREET BECOMES OPTIMISTIC

Altogether, Brokers Believe Things Financially Are on the Mend, and More Lively Trading Is Anticipated-Many Issues Affected.

#### BY BROADAN WALL.

New York, June 22.—Stocks closed strong and active to-day after the market had broken the year's record for duliness up to 1 o'clock.

A totally unexpected decision from the Supreme Court confirming Southern Pacific s title to valuable oil kinds, brought a covering movement which strengthened the entire list. The market was taken completely by surprise. Only 1,100 shares of Southern Pacific had changed hands up to 1 o'clock, and the price was firm at \$1.25. Immediately following the handing down of the decision, the stock became strong and active with a turnever of 54,000 shares in two hours, and an advance of 3 3-8 to 97 3-1.

London Houses Buyers.

and an advance of 3 3-8 to 97 3-4.

London Houses Buyers.

London houses were buyers at top figures, as the effect of the news abroad was expected to induce buying. Technically, London had the short position of at least 25,000 shares of Southern Pacific in this market.

The news had an electric effect on other issues. United States Steel rose parly a point, and Union Pacific gained 1 1-4 from the low. Pennsylvania was suddenly in demand, and other standard issues such as Great Northern preferred moved up sharply. In the early trading Rock Island Issues were dull, while the Great Western shares were strong. Lehigh Valley was strong on good buying. Utah Copper was a feature of the metal stocks, rising a point in the face of general lassitude. Amalgamated Copper sold down to 70 5-8 on unfavorable reports from the trade.

Pittsburgh Coal preferred rose a point, and the common was strong at 20 1-2 on a revival of a story that plans for retiring back dividends were underconsideration. Although these stocks are slow to move, they offer speculative probabilities that make them attractive.

tractive.

Bonds were unusually active. Trading in Rock Island collateral 4's predominated. From 30 1-2, steady liquidation drove the price to 28 3-4, a new low level. As this liquidation ceased there was a sharp recovery of 2 points. The Debenture 5's were easier, and the Refunding 4's firmer.

Southern Pacific Convertible 5's became very active after the decision was rendered, with an advance from 101 1-4 to 102. The Convertible 4's rose from 5' 1-2' to 86 1-4. Chicago and Indiana Coal Railway 5's dropped to 50; these honds solid at 8's last Tuesday.

Sterling exchange recovered 25 points, and an engagement of \$1,500,000 gold for Paris was announced. Money rates were unchanged with renewals at 2 per cent.

gold for Paris was announced. Money rates were unchanged with renewals at 2 per cent.

Trading for foreign account was practically at a standstill, although the London market showed an improved tone for English securities.

Railroad Farmings Decrease.
Railroad Farmings for the second week in June showed decreases. Louisville and Nashville lost \$133,000 gross; Chicago and Alton, \$58,000, and Minnespolis and St. Louis, \$5,000. Chicago, Great Western and Toledo, St. Louis and Western showed nominal gains.

Good news found a swift reflection in prices to-day. It is expected that this will be followed by a further advance, for Southern Pacific is considered worth at least par, now that the old lands can be included as an asset. Activity in Utah Copper promises higher prices, and a revival of speculative interest in the Pittsburgh Coal shares is looked for.

for. Advices from Pittsburgh regarding the future of the steel business are optimistic, although it is expected that the next quarterly statement will not make a good showing. Altogether, things are on the mend.

New York, June 22.—After the receipt from a hingion of the announcement that necession would be given during the day is see freight rate case, the stock marke title, down for another day of walting becausation was dull during the morning reight rate case, the stock market down for another day of waiting, lation was dull during the morning, a slow slownward movement. The course of the united States me Court favoring the title claims of outhern Pacific Radiroad to California mis. Prices of nearly all the leading ay and industrial shares joined in an and movement. Early drains were caused the close small net advance seneral. The declining tendency of neachange was checked, the quot for demand sterling advancing about y-five points. It was the opinion of that the outflow of gold was nearing different states. ts end.
Trading in bonds was unusually beavy
with particular activity in Rock Island an
Southern Pacific Issues. The market wa

Closed firm at a net advance of 4 to 7 points on the old crop and of 12 to 13 points on new crop deliveries.

There was little in the weather news to account for the steadler ruling of prices, unless it was prospects for higher temperatures this week. There were some unless it was prospects for higher temperatures this week. There were some unit favorable private reports from both the Southwest and the Eastern belt, however, and while the trade anticipates that the July bureau will show encouraging progress, there are few who predict that the condition will improve sufficiently to meet the tenyear average, while builishly disposed operators are now talking of the probability of decreased acreage. Liverpool was lower than due, and the official cables reported that spot cotton was pressing for sales.

The local market opened steady at a deciline of 7 points to an advance of 2 points, with the near months relatively easy in light Clover, mixed of July, and the market soon turned firmer. Without any apparent change in the general character of the news, prices sold about 6 to 10 points net higher in the late trading, and closed within a point or two of the best.

New Orleans, June 22.—Talk of high temperature in the heit aroused bullish sentiment to-day. Prices were put to 10 to 13 points over Saturday's last quotations, and the ring found it difficult to supply even a moderate demand. This was due to fear that the long distance forecast of warm and fair weather meant another dry period. Closed, steady at a net advance of 9 to 11 points. Futures close: July, 13,14; August, 12,92; October, 12,51; December, 12,52; January, 12,52; March, 12,51.

Spot quiet; one-eighth off: middlings, 13,11-16; sales, 500 bales.

BOARD VOTES TO ERECT NEW SCHOOL BUILDINGS

[Special to The Times-Dispatch.]
Gold Hill, Va., June 22.—An enthusiastic educational meeting was hold at Buckingham Church on Saturday.
The school trutsees of Marshall district held a special meeting to decide as to the advisability of establishing a high school at Gold Hill. An all-day meet-ing was held, and a dinner was served

ing was held, and a dinner was served by the people of the community.

A petition in favor of establishing a high school at Gold Hill was presented by Senator Sands Gayle. Senator Gayle spoke in favor of this high school and of an additional room for the Davidson School. He also favors erecting a new building at the Mt. Zion School and of an additional room for the Davidson School. He also favors erecting a new building at the Mt. Zion School.

J. A. Clark, a merchant of Gold Hill, spoke for the proposed high school. Dr. F. W. Boatwright, of Richmond College, spoke in favor of it, and also made an address along general educational lines. Commonwealth's Attorney E. W. Hubard and Superintendent of Schools John A. Twyman were both present, and both made able addresses. Rev. R. W. Bagwell spoke in favor of erection of new building at Mt. Zion School.

At the close of the speeches the trustees reported to the audience that they had decided to establish the high school, and to provide an additional room for the Davidson School, and to erect a new building for the Mt. Zion School.

The new buildings are to be erected at once, so as to be in readiness for the approaching session.

The police Court and held without bail for the against him. He denies that Stryon was killed by one of his shots. Stryon approached his home at 1007 Newmarket Street, he saw Fullmer confronted by two men. Fullmer ded across the street.

As Fullmer opened fire upon them Stryon dodged behind the stoop of his own home, and dropped in its shelter, while the highwaymen and Fullmeh exchanged shots.

One of the bullets—whether from Fullmer's revolver or from that of one of the highwaymen is unknown—struck Stryon, and he died almost instantly. #### DISCOMFORT RELIEVED BY THIRTY-MINUTE RAIN

Shower Does Not Interfere With Day's Program at Finais of Virginia Military Institute.

[Special to The Times-Dispatch.]
Lexington, Va., June 22.—Those present at the second session of the annual meeting of the board of visitors of the Virginia Military Institute were General Charles J. Anderson, General Cecit C. Vaughan, Colonel Joseph Button of opera at the Drury Lane.

C. Vaughan, Colonel Joseph Button.

C. Vaughan, Colonel Joseph Button,
Thomas L. Tate and Captain M. B.
Corse, R. A. James and George L.
Browning are at the institute, but were
unable to attend the meeting on account of illness. The board adjourned
at 5 o'clock this evening for the regimental review, but reconvened at 8
o'clock.
The discomfort due to the extreme
heat, which has prevailed for three
days, was greatly relieved this afternoon by a thirty-minute rain, which,
however, did not interfere with any
of the exercises. The military features included battalion parade, Butt's
manual and regimental review before
the board of visitors, followed by regimental parade, the crop being formed
into three battalions for the regimental evercises. At review the regiment
al evercises, and reviewed by General Nichols. After the general had inspected the crops
by rioing around it, it was marched in
review before the board.
